

## Creating an account

If you are not a Blinklearning user yet click on **“Create an account”**

You will be prompted to enter a **class/book code**

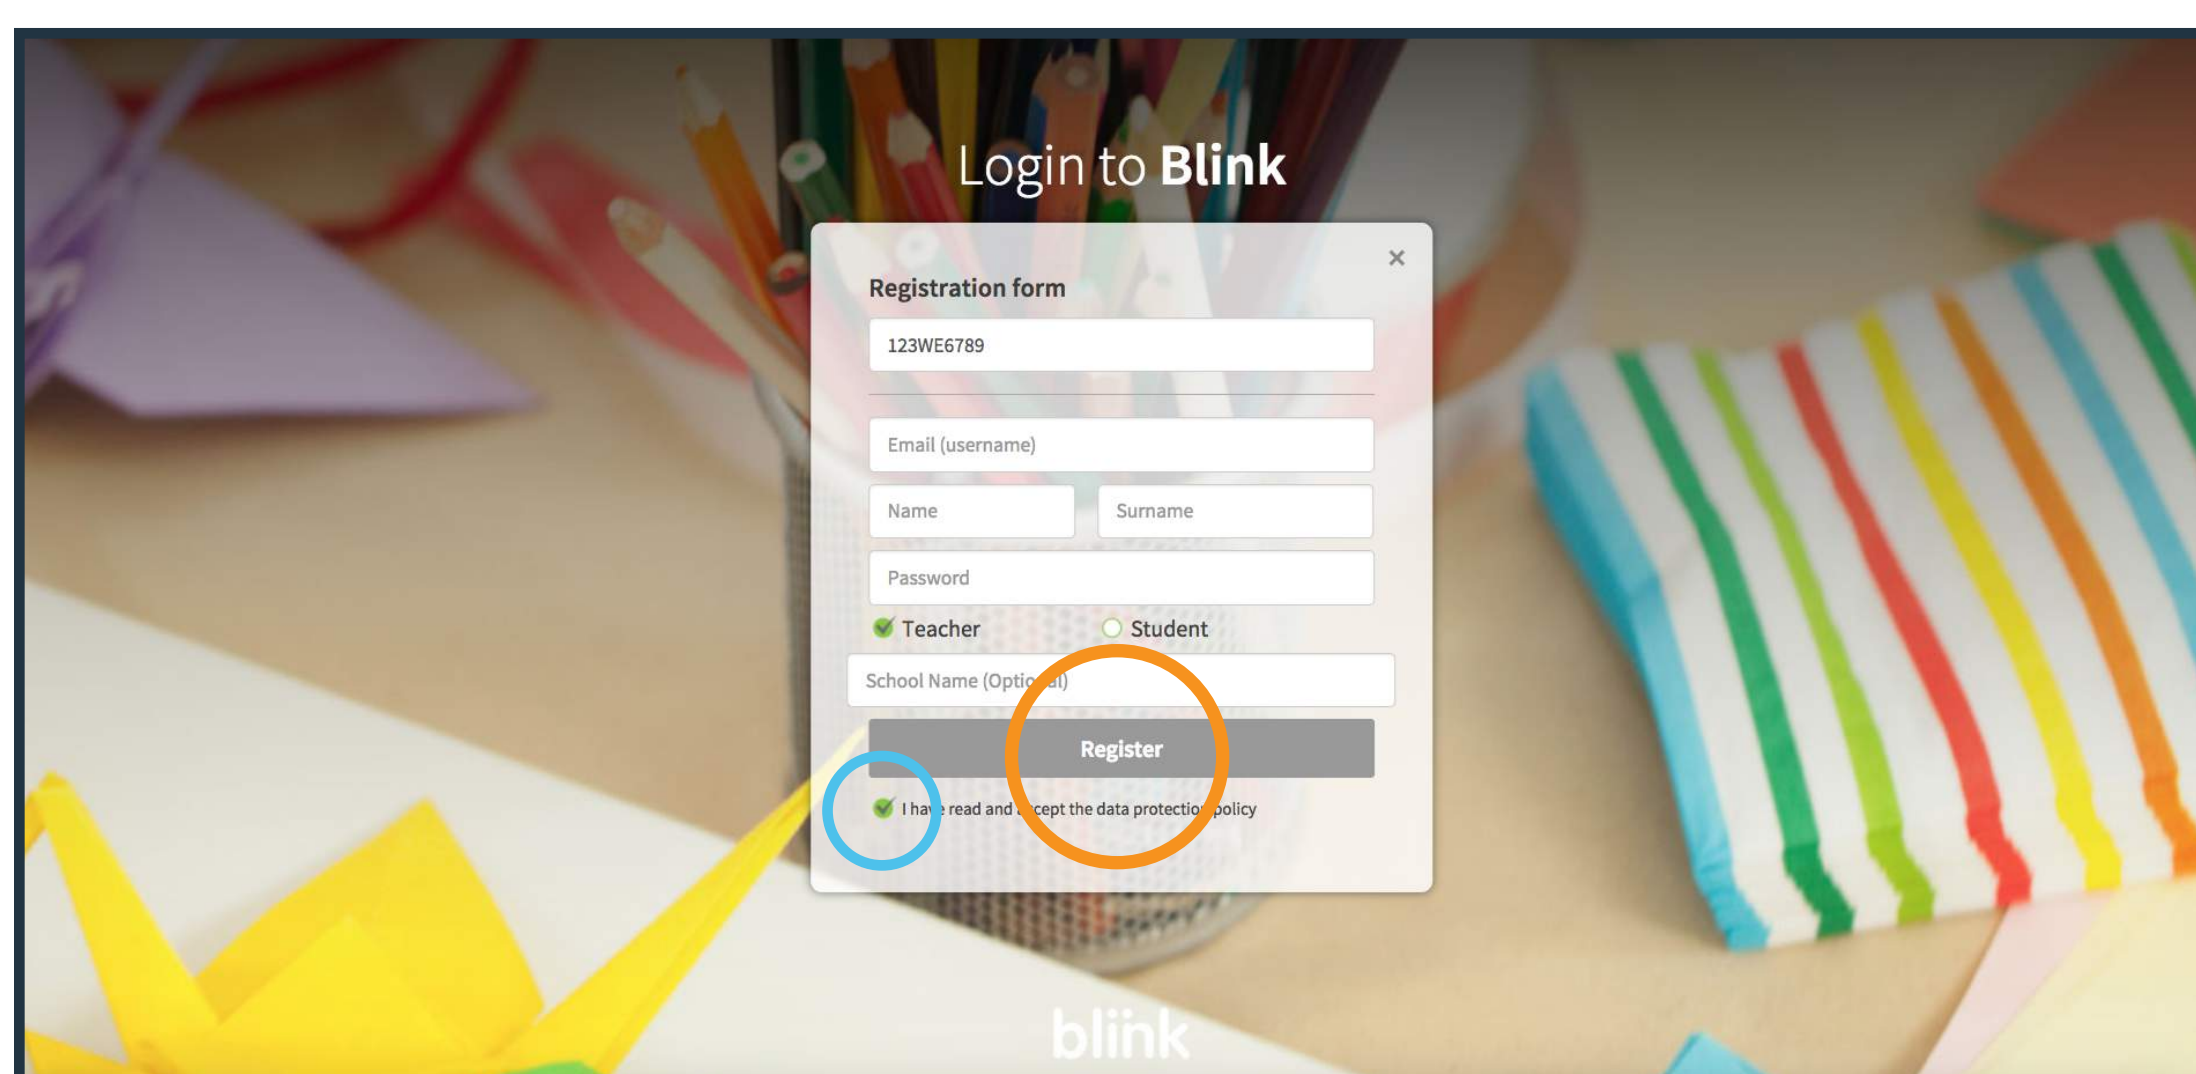

- Book code refers to the alphanumeric code which grants access to a book’s digital versión.
- Class code refers to the code a teacher generates while creating a classroom. Class codes always begin with the letters “CL” followed by eight digits.

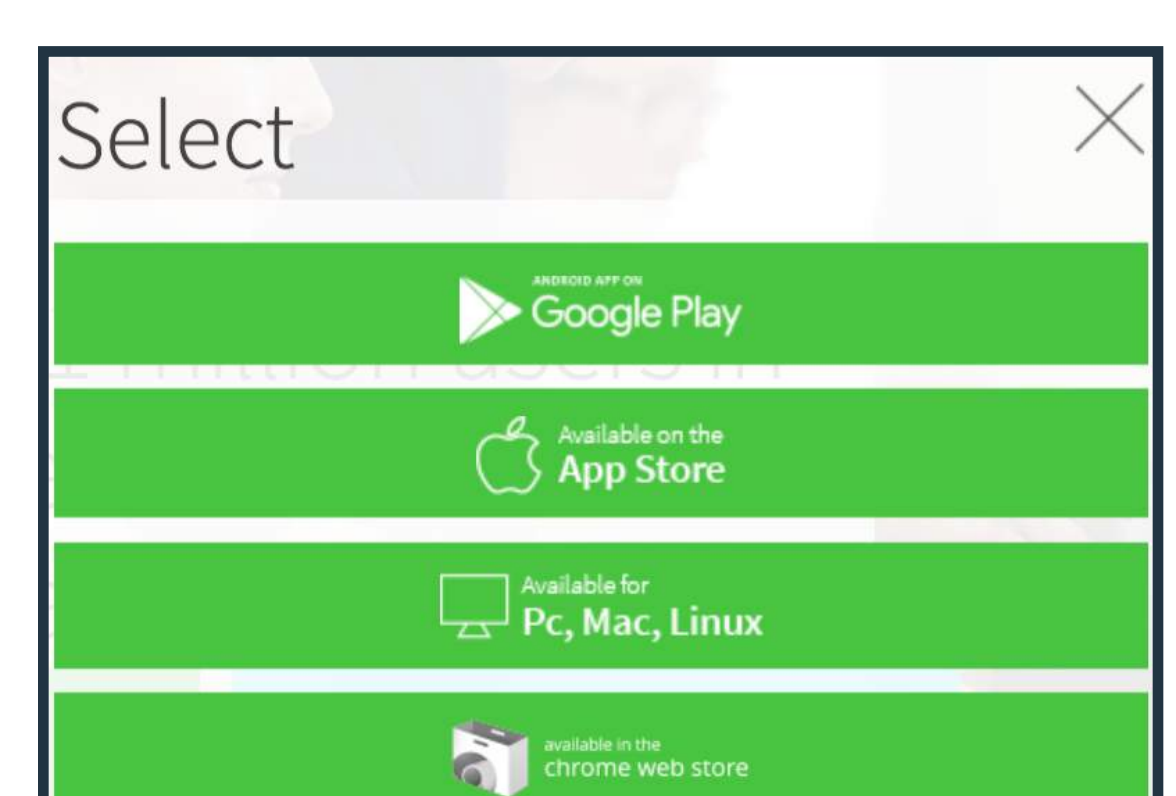

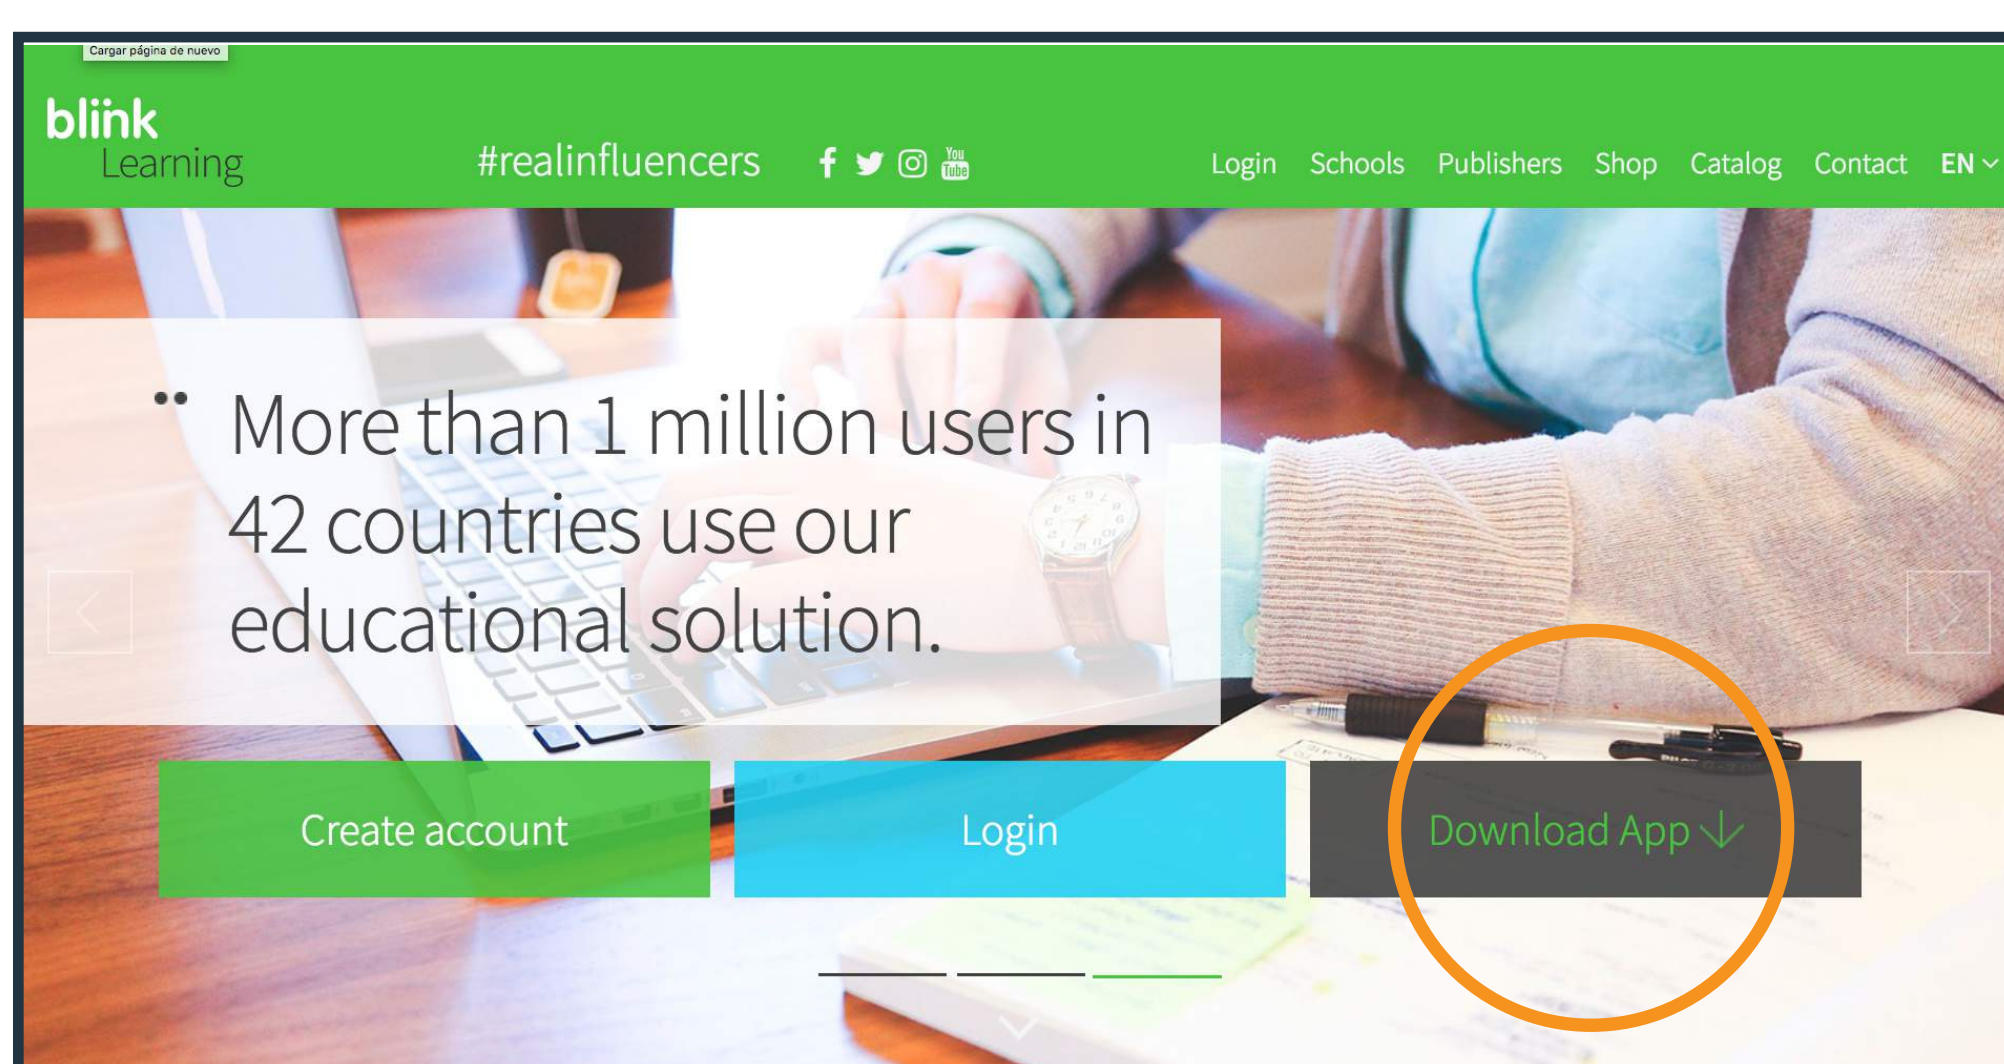

If you’re accessing the platform with a book code you should specify whether you are a student or a teacher.

If you’re accessing Blinklearning with a class code we’ll assume you are a student.

After entering any of the codes, fill in the required fields on the registration form and accept the **data protection policy**. Once you have finished, click on **“Register”**.

You can also access the platform using any of the **apps** - available for iOS, Android, Chromebook, PC, Mac and Linux.

For any further information send us an email to **help@blinklearning.com**
